HEMPNALL PARISH COUNCIL

Speeding Traffic

ACTION

Mrs Ashford read an email from Mr David Burrows, a resident of Roland Drive, requesting flashing speed limit signs.

Mr Moulton read from the SAM speed check reports which the clerk had shown to Mr Burrows already. These indicated that in general the traffic speeds were within the limits which would mean that Highways would not fund flashing signs as requested by Mr Burrows.

Councillors sympathised with Mr Burrow's comments but as the matter had been thoroughly researched in the recent past it was felt that no further action could be taken at this time except to encourage a volunteer group such as that in Saxlingham Nethergate. The clerk is to respond to Mr Burrows and place an article in the next PC newsletter.

IN

Dog Bins – Fairstead Lane

The clerk read an email from Mr M Bennett, a resident of Roland Drive, with a request for a dog bin in Fairstead Lane. Mr Allen proposed, Mrs Ashford seconded and it was unanimously agreed that the bin be purchased and the clerk should investigate a suitable site and in due course make arrangements with SNC for it to be emptied.

IN

Parish Member of Standards & Ethics Committee

The deadline for voting is 19th April 2010.

Dogs Poisoned

A resident of Hempnall, who did not wish to be identified but whose identity was known, wanted to warn others that very recently their house had been broken into and their dogs were poisoned. It is apparent that the intension was not burglary.

Financial Statements

Movements since last meeting

The clerk presented the financial statement attached to these minutes showing the movements from 7th January to 3rd March 2010. The statement was in line with the annual budget. Mr Delf proposed, Mrs Ashford seconded and it was unanimously agreed that the statement be approved.

Playing field Users Association Report

Mr Delf reported that the PUA had requested that the clerk request that the contractors cut the grass to a height of 1.5inch as they were currently cutting it too short.

IN

The motorcycle donuts had been reported to police.

The PUA financial report was circulated.

Play Area Report

See above re ROSPA report. Mrs Allen reported that the see-saw site had been finalised to ensure good access for all.

Mr Delf proposed, Mr Allen seconded and it was unanimously agreed that two big bags of bark be purchased and Mr Ellis be asked to spread it.

IN

Appointment of PC reps for Town Estate Educational Foundation

David Hook and Pauline Brookes are reaching the end of their 4 year term, both of whom have expressed a willingness to continue to act. Mr Delf proposed, Mr Workman seconded and it was unanimously agreed that Mr Hook & Mrs Brookes be elected as PC reps. The clerk to write to both thanking them for their service and write to the secretary of the trust to inform them of their election.

Wind Turbines

Mrs Allen declared a pecuniary interest in the next items and left the meeting.

Mr Moulton declared an interest in the next items and Mr Hook chaired the meeting.

Wind Turbine reapplication

Mr Hook stated that the councillors can not express an opinion in advance of receiving a planning application but for information Enertrag have indicated in the Diss Express that they would be submitting a revised application for four wind turbines in September 2010.

Mr Hook went on to say that Enertrag had met with Paul Witham of SNC and presented him with a revised site plan for 4 turbines 140m high. A copy of the map provided by Enertrag was circulated to the meeting for information.

Funding for Bat Survey

It was generally felt that in order for the parish council to properly consider a revised planning application it would need to have sufficient information relating to bats and thus consideration should be given to the parish council having its own bat survey. Such a survey would need to be carried out between April to September. It was noted the quality of Enertrag's environmental statement and other evidence had been criticised before so it was felt that it would be unwise for the parish council to rely solely on Enertrag's bat survey.

Mr Moulton said that SHOWT had met with a local bat expert and had identified other experts recognised both in the UK and Europe. He indicated that SHOWT had funds from the last campaign to put help pay for an expert.

Mr Workman stated that just as Enertrag's experts may be seen by some to be bias towards Enertrag's cause, the same criticism could be levied at any expert engaged by SHOWT. He felt it would therefore be better if the parish council engaged its own expert.

Mr Delf proposed, Mr Workman seconded and it was unanimously agreed that the clerk should obtain quotes for a bat survey and a meeting be called to consider this matter further.

IN

There being no further business, the meeting was closed at 9pm.
